LAND, STOCK, CROPS, ETC.

Hermis will start in the World's Fair Handicap at St. Louis Saturday.

I desire to sell the standing timothy on 45 acres of meadow. Mrs. Clifton Fowler.

It is authentically stated that the owner of Highball won \$300,000 on him in his American Derby winning.

J. C. Bailey sold to T. H. Smiley, of Lexington, a black harness gelding and a bay mare for a snug fortune.

FOR SALE—Thoroughbred Black Berkshire hogs; Southdown and high grade sheep of both sexes. John Steele Carpenter, Hustonville, Ky.

ESTRAY, a red steer, two years old, in this order, weight about 800 pounds. Left the Rice farm in Garrard three weeks ago. Reward. A. M. Pence, Stanford.

J. Sawyer, of St. Louis, has purchased of John Darby, of Lexington, the chestnut six-year-old horse, Hart D., by Major Richards, dam Patagonia, for \$1,000.

Dan Hester sold to Wm. Horton a pair of four-year-old mules for \$400. Mr. Hester bought of Mrs. Emma Gregory, of Garrard, a pair of two-year-olds for \$275.

A stray red heifer, about 1 1/2 years old, dehorned, came to my place last March. Owner can get same by paying for her keep and this notice. Mrs. M. J. Ashlock, Gilberts Creek.

The horse trade keeps up well and the prices of mules are on the increase. Fat hogs are bringing 4 to 4 1/2c; 93 pound lambs sell at 60 a pound; a load of Casey county lambs sold for 5 to 5 1/2c—Somerest Journal.

The prize list of the October show of the Louisville Horse Show association has just been issued from the press. It is one of the most attractive booklets ever issued by the association. The horse show will be held during the week beginning October 3. The premiums aggregate \$30,000.

The Government's weekly crop report says that crops east of the Mississippi river suffered greatly last week owing to the cool temperature and lack of rain. Corn has been checked in its growth. Tobacco has done fairly well, but cotton not so well. Harvesting of winter wheat is now in progress.

For the past 10 months of the present fiscal year there has been exported from this country 464,551 cattle, against 286,063 for the same 10 months one year previous. Generally low prices here and good demand abroad have been accountable for this condition, which indicates an increase of 177,488 cattle.

There will be no more horse racing at Washington Park this year, and a report is in circulation that the track where so many American Derbies have been decided will be abandoned. The stand taken by the city authorities prohibiting betting in any form at the track is responsible for the curtailment of the present meeting.

There are collected at Denticdale, the stock farm of John T. Denton, six miles from Lexington on the Richmond pike, 50 fine thoroughbred saddle horses that will be shipped to the Philippine Islands on the 25th. They are the property of the United States government, having been collected together by the government's agent, J. T. Speed. Mr. Speed is now in Missouri, where he is preparing another collection of thoroughbreds for shipment.

John W. Yerkes, Commissioner of Internal Revenue, is telling a good story on himself. Like many Kentuckians, Commissioner Yerkes sometimes chews tobacco. Shortly after the promulgation, by his own order, of the rule that all tobacco must be kept in the original boxes until it is sold, he went into a store in Washington and asked for a piece of his favorite brand. The clerk handed it to him, and as he tried to cut off a mouthful it crumbled into dust.

"What is this that you are giving me?" he asked. "Punk?" "It is pretty dry," replied the clerk, "but we can't help it. We used to be able to take a few pieces out and keep them in a moistening box, but some damned fool up in the Internal Revenue Office decided that it was illegal, and we can't do it any more. Beats all what idiots get appointed to office."

"Well, that certainly was a fool ruling," replied Mr. Yerkes.—New York Times.

Chamberlain's Stomach and Liver Tablets Better than a Doctor's Prescription.

Mr. J. W. Turner, of Truhart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness or constipation, his whole time would be used in preparing this one medicine. For sale by W. N. Craig.

HUSTONVILLE.

Among the visiting pastors attending the protracted meeting here we noticed Revs. J. W. Hagin, of your city, and G. W. Montgomery, of Liberty.

The subject of Rev. Hall L. Calhoun's sermon for next Friday afternoon is "How to Develop a Christ-like Character." Night, "Christ's Law of Pardon;" Saturday night, "The Gospel as God Gave it, Adapted to Man as God Made him;" Sunday morning, "The Shadow and Substance;" Sunday night, "Faith." Hours of service week days: 3 P. M. and 8 P. M., standard time; Sundays, 11 A. M. and 8 P. M. This man is that power of God called great and you will have cause for many regrets if you do not hear him.

Right will not down, though the gates of hades prevail against it. The voice of the people on last Tuesday said thou shalt have a graded school. Praise the Lord.

Let all rejoice,
For the people's voice
Demands that majority rule;
Watch the glad school boy
Now hallowing for joy,
Hurrah! for the graded school.

Chas. Wheeler, J. C. Neal, J. K. Baughman, T. L. Carpenter and J. H. McHargue were elected trustees, all of whom voted for the school except Mr. Baughman.

Miss Marrie Adams, of Longview, Ala., is with relatives here for the season. Mrs. Jos. L. Conway, of Wichita, Kas., of whose injury in a wreck on the Santa Fe R. R. enroute home we made mention, is able to be out. There is no improvement in Miss Fannie Powell's condition. Prof. J. W. Davis, of Middleburg, was with friends and relatives here this week. He was pleased to hear that the proposition to establish and maintain a graded school here had carried. His reputation as a teacher stands second to none who ever taught in our city, and he thinks, as well as many others, that the school can and will be maintained on the tax already voted, and properly managed, will be a great factor in upbuilding of not only our city but will enhance the value of all desirable property in the district.

A Few Items from Bass, Casey County.

I will give you some news from this place that may interest your many readers. Health good; corn planting is the order of the day.

On the 20th the neighbors and friends in this community gathered at the residence of Thomas Marple, or "Uncle Tom," as he is familiarly called, to celebrate his 97th birthday, and his wife's, "Aunt Avena," 87, which comes on the same day of the month. In all there were 110 present, 100 of whom were relatives by blood or marriage. There were three of his cousins present, one 79, Thomas Wethington; Basil Wethington, 76, and George Montgomery, 72 years. There were 26 who were over 50 years. I will give the names: Thomas Marple, 97, his wife, 87; James Spears, 90, Wm. Hendrickson, 85, I. J. Wethington, 79, Basil Wethington, 76, John Belton, 73, George Montgomery, 72, his wife, 67, B. J. Sandusky, 68, Nathan Phillips, 68, F. C. Land, 67, his wife, 66, George A. Tucker, 63, his wife, 60, Wm. Land, 61, Atterson Belton, 62, J. M. Ellis, 61, his wife, 56, Mrs. Andrew Wethington, 66, Mrs. James Wethington, 67, Mrs. Mary Marple, 64, Mrs. Mary Heim, 58, Miss Sophronia Marple, 66, Bev Marple, 56, Miss Mary J. Marple, 54. After some very appropriate talks by some of the brethren we repaired to the table, which was loaded with the best that the heart could wish for, and which had been prepared by their friends the night before. We enjoyed the next hour and a half very much. Mr. Wm. Hendrickson, who is 85 years old, and one of Uncle Tom Marple's friends from boyhood, had a French harp placed under Tom's plate, and when he turned it over and saw the harp he was very much plagued. Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be moved entirely, bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by W. N. Craig.

Great damage was done by a cloud-burst on Wolf creek in Colorado.

Col. James Guest, of Crab Orchard, was in Danville Monday mingling with his old friends. He states that Crab Orchard Fair will be just the week before the Danville Fair and that all indications point to a greater display of fine stock than ever before. The Col is a first class speller for East Lincoln.—News.

Perhaps in no other jail in the State can be found the same number of prisoners with as many physical defects as in the jail at Somerset. Jailer Hines figures that among six of his regulars, the missing limbs and senses would be sufficient to constitute another able-bodied man, and the common expression is that there is one man short. Among these six prisoners one has no legs, one is armless, another void of a nose, one is deaf and dumb, one has only one eye, and still another has but one leg; so he figures that there is one man missing and one extra leg to spare. In chumming with each other the sadly afflicted half dozen can assist each other in many ways.

A Lancaster special says: About 12 months ago an investment company of New York engaged in correspondence with a number of Lancaster citizens, urging them to place funds in their hands to speculate in wheat and other articles, the company getting a small per cent. for their trouble. For several months those who invested received large profits. This lured many others to invest, until some of the best business men in town became involved. A letter from the concern Monday announced to each of its customers that the firm was financially wrecked and that probably later on would resume business. Those who invested from this place are out from \$10,000 to \$12,000.

A Richmond dispatch says: Amid a silence almost painful in a court house that was crowded, Judge Turpin decided that Maude Clarke, a pretty 14-year-old girl, should be restored to her foster parents, Mr. and Mrs. Thos. Clarke, of Garrard county. The story of the child's career is a pathetic one, indeed. Twelve years ago little Maude Pittman was left alone in a briar patch by her mother. The cries of the child attracted the attention of Solomon Taylor, who found it in a starved and pitiable condition. The child was kept in the Taylor family for five years, when Mrs. Taylor grew ill and could no longer care for it. Mr. Taylor then started out to find a new home for Maude. Mr. and Mrs. Thomas Clarke, near Berea, agreed to take the child and rear it. The child was adopted and for seven years lived happily at the Clark home. About a week ago Humphrey Pittman, the real father of the girl, in company with two men, went to the Clarke home and by threats secured the child and brought her to Richmond. She remained here and proceedings for her return were instituted by Mr. Clarke.

Sued by His Doctor.

"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White, of Coachella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by W. N. Craig.

WHILE we are absolutely confident that Garrard county democrats will instruct for Hon. Harvey Helm for Congress at the precinct conventions tomorrow afternoon, we wish to impress on them the duty of going to their voting precincts and participating in the proceedings. There is no earthly doubt about the good people of our neighbor county being for Mr. Helm by an overwhelming majority, but Mr. Moore, we are told, is trying with might and main to get Garrard into his column. Mr. James I. Hamilton, a splendid democrat and worker, has charge of Mr. Moore's interests there and is leaving no stone unturned in his effort to carry the county. As stated above, we believe Mr. Helm will get Garrard and Mr. Hamilton's efforts to thwart the popular will of the people by giving Mr. Moore the county, will prove futile. There is every reason why Garrard should stick to Lincoln in this contest. First place, Lincoln offers a better man for Congress in Mr. Helm, who is a successful lawyer, full of energy and activity, clean and painstaking, and who has the ability to meet his colleagues on the stump or the hustings. We are Garrard's closest neighbor; with her in judicial and Senatorial districts; there has always existed the friendliest of feeling; we were the first to go to her rescue when the torch was being applied and have always given the good people of that county the best we had when they merely signified a desire for our aid. This friendship on Lincoln's part will continue whether Garrard goes for Mr. Moore, Mr. Gilbert or Mr. Helm, but believing in reciprocity, as we know our splendid neighbors do, we expect to hear early to-morrow afternoon that Garrard county has shown her appreciation of our many neighborly deeds and remembers the kindnesses of the past by giving her seven votes to Hon. Harvey Helm, of Lincoln.

REMEMBER the precinct conventions Saturday. Go to your precinct and vote for Hon. Harvey Helm for Congress.

THE fight to succeed Fairbanks in the Senate is attracting much attention among republicans. Gov. Durbin's friends say he will be the successful contestant. Let him be it by all means. With Durbin out of the executive chair a man honest enough to send Taylor and Finley back to Kentucky to stand trial for one of the most atrocious crimes in the history of the State, might be found.

THE Kentucky delegation to the republican National convention called on Gov. Durbin in a body to show its appreciation for protecting Fugitive Taylor. To protect assassins should be plank number one in the republican platform.

The visitors and contestants are arriving on every train. A large crowd is expected, all being made welcome to the hospitality of Lancaster people. The tournament opened at 2:30 P. M. Wednesday with a ball game at Athletic Park. On Wednesday evening the oratorical and vocal contests (male) were held at the court house.

CHOKING CATARRH CURED.

Your Money Back if Hyomei Does Not Cure You.

"Use Hyomei and be cured of catarrh," is what all who have tried it for that disease say to their friends.

It is the easiest thing in the world to stop catarrh at its beginning if you use Hyomei. Just breathe the health-giving balsamic air for a few minutes and your catarrh will be cured.

In this city and neighboring towns, there are hundreds who can testify to the remarkable powers of Hyomei to cure catarrh. Many of the staunchest friends of this remedy to-day began its use with little hope that they would be cured, but as Mr. Penny offered to refund the money if it did not cure, they decided to try it on that plan, and were soon restored to health.

Crab Orchard Springs.

Kentucky's Most Delightful

Summer Resort.

Four Hotels. Capacity 600

Guests.

Famous Crab Orchard Springs.

As the heated term approaches, the thought arises, where shall I go to seek rest and quiet and find pleasant days and cool nights? This can be easily answered. Crab Orchard Springs for nearly a century has proven a model summer resort, and this season promises to be the best in its history. There health and happiness can always be found. The days are never oppressively warm, while the nights are delightfully pleasant from June till October. The famous Crab Orchard water, (from which is made Crab Orchard Salts), Sulphur, Chalybeate, Magnesia, etc., all flow from large springs close to the Springs Hotel. A new Elson Well has been opened and the use of the Salt Sulphur Well at depot has been secured.

The Table.

Neither money nor pains will be spared to make the table the best to be found in Kentucky. Fine cattle, mutton, pork and poultry, fattened on the Springs farm, not surpassed anywhere.

Improvements.

The Springs buildings have all been improved. The public and paper have been liberally used. The grounds are in the very pink of condition and present a scene lovely to behold just now. All of the walks have been regraded. Also a complete job of plumbing just about completed from top to bottom.

Society and Amusements.

Crab Orchard Springs has long been noted for the home-like feeling that pervades the entire place. The ceremonial edicts of each individual promotes his or her own happiness in contributing to the happiness of others.

Rates.

The rates are very low, considering the excellency of the service. For \$8 to \$10 per week delightful rooms and splendid fare can be obtained.

Season Opened June 1.

The season opened June 1st, and all during the summer a splendid band of music will be in attendance.

IT'S GOOD BUSINESS SENSE!

To offer values like we are offering once in awhile to get acquainted with a lot of new customers and show them how to save a DOLLAR. We are human and make mistakes like other people. We sometimes buy too much of one item or too little of another. We are looking for a buyer who knows what, when and how much to buy. We did not make a mistake this season so far as getting the right things is concerned, but made a mistake in gauging the weather. It didn't get hot so quick as we thought it would.

Blk. Mohair for Skirts.

We are offering some fine values in Black and Colored Mohairs at cut prices. These are cut from 50 to 38c, 75c to 50c, \$1 to 75c.

Mr. Fisher had bills printed telling of a grand picnic which will be given at Dripping Springs on Saturday, July 2nd.

MR. JOHN P. JONES, the up-to-date dry goods merchant, had a novel advertisement of his cut-price sale on the street Tuesday afternoon. The gentlemen held a large banner telling of the great bargains Mr. Jones is giving.

It is our duty, as it should be our pleasure, to endorse Hon. Harvey Helm's candidacy for Congress in as rousing a way as possible. Take an hour off, go to your voting precinct and honor your distinguished countryman by voting for him for Congress. Don't forget.

THE Richmond Register prints this good news: "This is the last week of the Congressional race in this district, and the claims of the rival candidates will be submitted to the people at the precinct conventions on Saturday next. In this county there is little doubt but that Mr. Helm will be overwhelmingly endorsed. In every part of the county we find that the majority favors the Lincoln county man, and we feel with pride that our people are about to discharge their full duty by casting their votes for the candidate, whose home county has so nobly and so long stood by us."

A LARGE crowd of Boyle county democrats and many from adjoining counties greeted Hon. Harvey Helm at the court house Monday where he made a stirring appeal for the support of the citizens of this county in his race for Congress in this district.
